

I am against any changes made to the FCC rules regarding ownership of the airways. To vote for such changes makes us similar to the old Soviet Union where the press was controlled by Government. Now it will be controlled by Murdock Fox, and a few others. Same outcome. Stand up for Freedom and just say NO to this terrible idea.

10 years ago there was some intelligence on talk radio. Now it is just pure propaganda and this needs to stop. Thank God I no longer need to listen to the radio or TV to get my information.
